Interesting. His wells are the closest to the well that is proposed for pumping all the groundwater for this project.

Just an FYI – Maupin recently became a member of the Blvd Sponsor group.

Jim,

I'm not able to tell if Mr. Bob Maupin's well was included in the well logs or on the figure showing well locations. His address as stated on the NOP sign-in sheet is 904 Tierra Del Sol Road, and his property is directly east of the project site. He reported that Dudek was doing work on at least one well on his property so hopefully it has been included. Is this something that needs to be checked at this point?

Thanks,  
Rob

Pat,

Attached are groundwater comments for the Tierra Del Sol project.

Please let us know if you have any questions or would like to set up a meeting to discuss these comments in detail.

Thanks,

Ashley
